

## **BIOPROLINE Suede and Nubuck CLEANER. 150ml**

**NATURE CARE PRODUCT** (<https://gfaw.eu>) and **ECO-CONTROL** ([www.eco-control.com](http://www.eco-control.com)) Certified.

Made from plant extracts its environmentally friendly formula is neither aggressive nor abrasive. Gently remove grease and dirt without damaging the original color.

BIOPROLINE Suede and Nubuck Cleaner is the most effective and natural way to remove light stains and dirt from your suede and nubuck. BIOPROLINE Cleaner has been developed for ongoing maintenance of suede and nubuck. However, the product does not remove deep stains that would have marked your leathers forever. Certain stains cannot be removed and certain discoloration cannot be treated by our product. Use on all types of suede and nubuck of all colors.

### **INSTRUCTIONS OF USE:**

- 1. Press the pump of your cleaner to obtain a ready-to-use foam. Use a sponge and rub gently on the spots to be removed.**
- 2. Rinse with clear water and allow to dry. After complete drying use a suede brush.**

For maximum protection use the Bioproline Protector for leather, suede, nubuck and fabric.

### **USE:**

Bioproline Suede and Nubuck cleaner can treat a large range of items such as:

- Motorcycle equipment: saddlery, boots, jackets
- Hiking equipment,
- Shoes, Boots, bags and leather goods,
- Car interiors,
- Leather furniture: sofas, armchairs...

### **PRECAUTIONS :**

**KEEP OUT OF REACH OF CHILDREN**
